

Technical Datasheet: J740

Product Description:

J740 is a block copolymer for injection molding that has high flowability and combines the right balance of impact endurance and rigidity. With its superior physical properties, it lends itself to excellent injection molding products. J740 is UL94HB certified.

Applications:

Washing machine and refrigerator parts, car interiors, large electronics, general merchandize, compounding.

Typical data:

Property	Test method	Unit	value
Melt Index	D1238	g/10min	25
Tensile Strength	D638	kg/cm ²	270
Flexural Modulus	D790	kg/cm ²	13,500
Izod Impact Strength			8.5
23 °C	D256	kg·cm/cm	4
-10 °C			
Rockwell Hardness	D785	R-scale	80
Heat Deflection Temperature	D648	°C	110
